

46th Annual Clark Rogerson Foray

Foray Registration

This year we will be at **Berkshire Hills Eisenberg Camp** in Copake, NY. (Friday, September 4th to Monday, September 7th) The comfortable overnight accommodations are similar to those of a motel, and within easy driving distance from anywhere in our area. All guest rooms have A/C units and their own private bathroom & shower.

The home-cooked meals and all-day access to the heated pool make this facility unique. The camp can accommodate most special diets. There will be a limited number of single-person rooms available, and these will be assigned on a first-come, first-served basis. There will also be a few rooms that can sleep 3 (or even 4 people) in "family-style" lodging. We are pleased to pass along a discount for children 12 and under. Please let us know if you are interested in the family rooms and/or the children's discount rates: email **twightcoma@gmail.com**.

Our roster of invited mycologists includes:

- **Dr. Rick Van de Poll**, nationally recognized mycologist and instructor
- **Bill Yule**, naturalist, expert mycologist and instructor
- **John Plischke III**, mycologist, author of *Good Mushroom, Bad Mushroom*
- **Dr. Roz Lowen**, ascomycete expert, and professor of mycology
- **Ethan Crenson**, President of the NYMS, expert mycologist, ascomycete specialist, and one of NY's top identifiers

The 4-day registration fee includes 3 nights' lodging and 8 meals, from dinner on Friday to breakfast on Monday. You may register for whichever days/nights suit your schedule. Please note that breakfast is not included on your day of arrival. Please bring your lunch on Friday. All rooms will be double occupancy, unless otherwise indicated. If you do not have a roommate chosen, we will select one for you.

A limited number of Single-Occupancy rooms are available at a slight premium. The option will be removed when/if sold out.

The day visitors' price includes presentations and workshops, lunch and dinner. Breakfast and room are not included.

Activities include swimming (in-ground heated pool), Saturday & Sunday excursions to local parks, afternoon and evening presentations, and "social hour" (drinks, snacks, music) after evening programs. (Donations of nature books and mushroom memorabilia for our famous Sunday evening auction are appreciated.)

On past forays, we have identified nearly 400 species of mushrooms. The event features both afternoon and evening programs and workshops, as well as "social hours" with snacks, drinks, and music starting at 9 p.m. each night.

You may register for the "full" foray, 3 days, 2 days, or even a single day. The Clark Rogerson Foray is well known throughout the region, not only as a great learning experience, it's also such wonderful fun that we've been doing it for 46 years! For the past several years, this event has filled up quickly, so we strongly advise reserving a spot ASAP.

Please complete the form on the next page and mail it along with your check to: Terry Wight, 45 Shady Lane, Stamford, CT 06903 (Checks should be made out to: Clark Rogerson Foray Association)

Registration for 46th Annual Clark Rogerson Foray

Each registrant must print his/her name (and sign, if mailing) on the lines below.

hereby release(s) COMA, the Clark Rogerson Foray Association, and any officer or member thereof from any and all liability arising out of or relating to any injury, accident or illness of any nature occurring during, or as a result of, this foray.

PLEASE NOTE: All cancelations are subject to a 20% charge. After July 31st cancelations are subject to a 50% charge unless it is for a medical emergency. (This will help to offset facility fees, which are paid in advance.)

If I am not now a member of COMA, I understand that by signing this form or registering for this event online I agree to become a provisional COMA member (at no additional charge) for one week, starting on August 29th. (Regular annual dues are \$25.) I understand that if I do not pay these dues by October 3rd, my provisional membership will lapse, and I will have no indebtedness to COMA.
